

from foreign language education pdf

Language education refers to the process and practice of acquiring a second or foreign language. It is primarily a branch of applied linguistics, however can be considered an interdisciplinary field. There are four main learning categories for language education: communicative competencies, proficiencies, cross-cultural experiences, and multiple literacies.

Language education - Wikipedia

A foreign language is a language originally from another country than the speaker. However, there must be a defined distinction between foreign and second language. It is also a language not spoken in the native country of the person referred to, i.e., an English speaker living in Spain can say that Spanish is a foreign language to him or her. These two characterisations do not exhaust the ...
