Chapter 3 Verbal Communication. In my junior year of college, I took a course in semantics, which focused on verbal language and solidified my interest in language. I love learning about the history of words, learning new words, and seeing how language changes over time and from one context to the next.

Chapter 4 Nonverbal Communication. When we think about communication, we most often focus on how we exchange information using words. While verbal communication is important, humans relied on nonverbal communication for thousands of years before we developed the capability to communicate with words.

In anthropology, High-context culture and low-context culture is a measure of how explicit the messages exchanged in a culture are, and how important the context is in communication. These concepts were first introduced by the anthropologist Edward T. Hall in his 1976 book Beyond Culture. According to Hall, in a low-context culture, the message will be interpreted through just the words ...
