Reflections on my learning experience “ a personal story Inspired by the research performed by LDI on this subject, I have decided to put down what I have learned about learning in the course of my formal education as well as my experience in

Reflections on my learning experience “ a personal story

The discursive thesis is that to experience oneself as having a location in a manifold of places and in relation to others is a necessary condition for being able to use and to understand indexical expressions.

The Role of Experience in Learning: Giving Meaning and

To be published in Science Education.DOI 10.1002/sce.21085 Towards a Theory of Experience Wolff-Michael Roth,* & Alfredo Jornetb Abstract Experience is one of the most-used terms in (science) education, and it is recognized as being related to learning (education). Yet what experience is and how it is related to learning and change remains untheorized.
