embrace both the interests-based approach of foreign policy for trade relations and the values-based approach of soft power. However, whether the government adopts an interests-based approach or a values-based approach, Canadians do not appear to be prepared to sacrifice domestic priorities for the greater international good.

### **Defining the National Interest - Carleton University**

In addition to national interest, states are trying to protect common interest in the larger interest of international community. For example, they are exerting pressure on nuclear states to avoid the use of nuclear weapon and divert their attention to combat environmental degradation and eliminating poverty.
