By focusing on this type of subject matter, the study creates a close comparison between the news agenda of users of social media and of the more traditional news media. This approach could tend to make the agendas

of the mainstream and new media platforms appear even more similar than they would be if a wider array of subject matter were practicable to capture.

That being said, I think it is an excellent textbook for a New Media Course. Very readable for students and very indepth with important New Media Concepts, theories and issues. Many of the texts available now are outdated or geared to practical usage opposed to theoretical understanding of new media implications in a converging new media society.
