### **Secret Niche Report - Six In Seven**

It sounds like you should spend some time understanding what it is that you want and how to get there. If niche sites can get you to your goal then start keyword research. Sure LTP will help, but you don't NEED any tools. Just do the keyword research manually, using the Google keyword tool and your own assessment of the top 10.

### **Niche Site Making \$1000/Month - My Strategy Revealed**

In order for you to attract the right visitor to your website you need to not only understand your target audience, but also understand what they search for in the search engines. The best place to start finding your own niche is with the things you're already interested in, or already have a bit of knowledge about.

### **Watch Me Create A Niche Website In 5 Days or Less**

With a niche site, you're focused on a narrow group of people in a relatively larger market. Although you can expand and turn your niche site into more of an authority site, it doesn't always happen and you find that after a certain point, you reach a limit as far as potential daily income.
