Electoral Rules and Constitutional Structures as Constraints on Corruption. Electoral rules and constitutional structures can influence the level of political corruption. We show that proportional representation (PR) systems are more susceptible to corrupt political rent-seeking than plurality systems.

### **Electoral Rules and Constitutional Structures as**

We know a fair amount about district-level electoral coordination for single-tier electoral systems. In particular, when political actors are primarily concerned with the current election and have good information about the relative chances of potential competitors, two different  $M + 1$  rules apply in an  $M$ -seat district.

Election. Election, the formal process of selecting a person for public office or of accepting or rejecting a political proposition by voting. It is important to distinguish between the form and the substance of elections. In some cases, electoral forms are present but the substance of an election is missing, as when voters do not have a free...
