transport network, but should also respect local distinctiveness and place. The "Manual for Streets" (DfT 2007) describes the principal functions of streets as: place, movement, access, parking and provision of utility infrastructure. It states that, of these, functions the first two are the most important.

Manual for Historic Streets - Historic Towns Forum

Location refers to the "where" of place. Locale refers to the material setting for social relations "the way a place looks. Locale includes the buildings, streets, parks, and other visible and tangible aspects of a place.

These contain housing, work places, shops, entertainment, schools, parks, and civic facilities essential to the daily lives of the residents, all within easy walking distance of each other. New Urbanism promotes the increased use of trains and light rail, instead of more highways and roads.

THE PRINCIPLES OF NEW URBANISM

Streets as Places Resource. Below is our list of 8 principles for fostering Streets as Places, based on our years of experience in working with communities, the observations and research of well-known placemakers

like Jane Jacobs and Allan B. Jacobs, and recent conversations with folks like Victor Dover, Ben Hamilton-Baillie, and Gil Peñalosa.

A Street You Go To, Not Just Through: Principles for

for people on foot?); and street and highway design (do we make sure that there will be good, safe places for people of all ages to walk?). There are tremendous opportunities to improve conditions for walking and in so doing, to make our communities more livable. This guide is intended to help make our region a place of walkable communities.
