Data protection in the EU Data protection in the EU. The General Data Protection Regulation (GDPR), the Data Protection Law Enforcement Directive and other rules concerning the protection of personal data

Data protection | European Commission

In the 21st century, we share and store our most sensitive personal information on phones, computers and even in "the cloud." Today more than ever, a strong privacy program, which includes data security, is essential to the safety and welfare of the people of California and to our economy.

Privacy Enforcement and Protection | State of California

Providing accessible information to individuals about the use of personal data is a key element of the Data Protection Act 2018 and General Data Protection Regulation. The most common way to ...

Data protection: privacy notice model documents - GOV.UK

Information privacy is the relationship between the collection and dissemination of data, technology, the public expectation of privacy, legal and political issues surrounding them. It is also known as data privacy or data protection, . The challenge of data privacy is to use data while protecting an individual's privacy preferences and their personally identifiable information.
