

public health bulletin volume pdf

Local health departments work to improve the health of people and communities in North Carolina. Support resources that the division provides to health departments include generalized nursing consultation, administrative consultation, and accreditation.

N.C. DPH: For Local Health Departments

Public health has been defined as "the science and art of preventing disease, prolonging life and promoting human health through organized efforts and informed choices of society, organizations, public and private, communities and individuals". Analyzing the health of a population and the threats it faces is the basis for public health. The public can be as small as a handful of people or as ...

Public health - Wikipedia

Global health is the health of populations in the global context; it has been defined as "the area of study, research and practice that places a priority on improving health and achieving equity in health for all people worldwide". Problems that transcend national borders or have a global political and economic impact are often emphasized. Thus, global health is about worldwide health ...
