The Crystal Key fell right in the middle for me. The Crystal Key is the first in a series that follows the story of Allie Bennett. She receives this mysterious gift from her adoptive mother. Her best friend (who also is her secret crush), Dav, and his brother seem to also know more than they let on.

The Crystal Key is a 1999 graphic adventure video game developed by Earthlight Productions and published by DreamCatcher Interactive. A work of science fiction, it casts the player as an interstellar explorer on a quest to save Earth from Ozgar, a malevolent alien conqueror.

The Crystal Key - Wikipedia

Crystal Systems The space lattice points in a crystal are occupied by atoms. The position of any atom in the 3D lattice can be described by a vector $r = ua + vb + wc$, where u , v and w are integers. The three unit vectors, a , b , c can define a cell as shown by the shaded region in Fig.(a) This cell is known as unit cell (Fig. b)
