

the herbal or general pdf

A herbal is a book containing the names and descriptions of plants, usually with information on their medicinal, tonic, culinary, toxic, hallucinatory, aromatic, or magical powers, and the legends associated with them. A herbal may also classify the plants it describes, may give recipes for herbal extracts, tinctures, or potions, and sometimes include mineral and animal medicaments in addition ...

Herbal - Wikipedia

In herbal medicine, an herbal tonic is used to help restore, tone and invigorate systems in the body or to promote general health and well-being. An herbal tonic is a solution or other preparation made from a specially selected assortment of the kinds of plants known as herbs.. See also. Adaptogen; Herbal extract; Patent medicine; References
