I've had my Scansnap s1300i for a year now. I treat it roughly but It never falters. I use it to save every single document related to my restaurant - grocery receipts, tractor-feed receipts, invoices, stapled items, business cards, payroll runs, employee documents, credit cards (not recommended), and more.

Anchoring or focalism is a cognitive bias for an individual to rely too heavily on an initial piece of information offered (known as the "anchor") when making decisions.. The original description of the anchoring effect came from psychophysics where it was noticed when judging stimuli along a continuum that the first and last stimuli were used to compare the other stimuli.

Algorithmic trading is a method of executing a large order (too large to fill all at once) using automated pre-programmed trading instructions accounting for variables such as time, price, and volume to send small slices of the order (child orders) out to the market over time. They were developed so that traders do not need to constantly watch a stock and repeatedly send those slices out manually.
