### **Early 20th Century Fashion: Modernism Embodied by the**

The 20th Century Fashion dolls emerged out of the need to get information from one place to the other. With the technical innovations of the 20th century, the fashion doll seems to be an obsolete article of the past. However, the fashion dolls made their triumphant return in 1945.

### **The Fashion Doll - The Fashion Historian**

dolls were handed to children as playthings, when the doll was no longer a new fashion source. (Arnold 157) I focused on just the 16th century fashion dolls, their uses, and transition into a child's plaything. Though

there is documentation that shows forms of doll like objects much farther back in history as early as Egyptian times.

This thesis project is a collection of articles that discuss American fashion during the 20th century. The articles are grouped by decade, starting in the year 1900 and finishing in the year 2000; with a double-decade piece for the beginning of the century. Fashion is an ever-changing, growing entity that connects with

fashion, these dolls can be identified by their simplicity. As a reflection of the transformation following the American Civil War and the onset of industrialization, the manufacturers and the consumers used these dolls to express anti-modern conservative values.<sup>6</sup> Many changes in the early twentieth century impacted the shift towards modernism.
