What exactly is culture? Unfortunately a fixed, universal understanding does not exist; there is little consensus within, let alone, across disciplines.

Defining "Culture" and "Organizational Culture": From

Understanding is a psychological process related to an abstract or physical object, such as a person, situation, or message whereby one is able to think about it and use concepts to deal adequately with that object. Understanding is a relation between the knower and an object of understanding. Understanding implies abilities and dispositions with respect to an object of knowledge that are ...
