

water politics and public pdf

Water privatization is used here as a shorthand for private sector participation in the provision of water services and sanitation. Private sector participation in water supply and sanitation is controversial. Proponents of private sector participation argue that it has led to improvements in the efficiency and service quality of utilities.

Politics (from Greek: ἡ πολιτική, translit. Politikḗ, meaning "affairs of the cities") is the process of making decisions that apply to members of a group. It refers to achieving and exercising positions of governance—organized control over a human community, particularly a state. The academic study focusing on just politics, which is therefore more targeted than all Political science ...
