What's one thing that you are constantly seeing on the web? Especially if you are on Instagram, Facebook, and YouTube? Come on, take a guess! No, I am not talking about people taking half-naked selfies of themselves or posting their lunches. I'm talking about people showing off. From taking pictures of their cars or money [!]

5 Whys is an iterative interrogative technique used to explore the cause-and-effect relationships underlying a particular problem. The primary goal of the technique is to determine the root cause of a defect or problem by repeating the question "Why?". Each answer forms the basis of the next question. The "5" in the name derives from an anecdotal observation on the number of iterations needed ...

5. Summary: Elaborate usability tests are a waste of resources. The best results come from testing no more than 5 users and running as many small tests as you can afford. Some people think that usability is very costly and complex and that user tests should be reserved for the rare web design project with a huge budget and a lavish time schedule.
