Attachment theory is a psychological model attempting to describe the dynamics of long-term and short-term interpersonal relationships between humans. "Attachment theory is not formulated as a general theory of relationships; it addresses only a specific facet": how human beings respond within relationships when hurt, separated from loved ones, or perceiving a threat.

These are the three main reasons which I think can explain why so many expats in Jakarta start cheating when they arrive in Jakarta. There might be a lot more explanations, but I just thought it was interesting to open the subject because I realized how crazy people become when they arrive here, and I've always wonder why this city can create such transformations on people.
